Bangladesh University of Engineering and Technology (BUET).
Dhaka - 1000 .

WORK EXPERIENCE
I have 3+ years experience. Some of my work examples are listed below-

Brain Teaser Fest -2014
A math Olympiad event was held under 'ONURONON' club at BUET. This is the website of the
event. It was solely developed by me in codeigniter framework. MySql, Jquery, Bootsrap, JSON
were the other technologies.
Url : http://brainteaser.net23.net

Official Website of Dhrubok Info Tech Services Ltd.
The current official website of Dhrubok Info Tech Services Ltd was developed by me in
Wordpress CMS.
Url : http://www.dhrubokinfotech.com

Company Website
It is a web site of my past company. Codeigniter framework was used here.
Url: http://compaqsolution.com

Newsheadlines24.com
This is website of headlines from various news websites like prothom-alo.com, Ittefaq.com etc
and some other popular websites. Anybody can read the up-to-date headlines from these news
sites and also the full news. Data scraping technology was used here.
Url : http://www.newsheadlines24.com

Countrynews24.com
This is simple a news portal in wordpress.
Url : http://www.countrynews24.com

Accounting Software of School
Very recently I have completed an accounting software for a school. Basically it will run in a local
host of the school. Here is demo of the project. (Guest username and password will be provided
on request.)
Url: http://safulamd.net46.net/BBPGHS

Poralekha.info
A useful website for HSC examinee for their admission, scholarship, result. This is under
development.
Url: http://poralekha.comuf.com/

MedHealth2Go
This is a medical service based website. This website is under development. Guest username and password will be provided on request.)
 Here is the demo-
Url: http://safulamd.net46.net/medhealth/

Online bidding system
This was my term project with Codeigniter, jquery, Ajax.

Picture Puzzle with windows installer
A simple picture puzzle game in C#.
Download link : http://www.mediafire.com/download/za4falvmewnci9y/8_Picture_Puzzle.rar

Chess
My another term project is CHESS. It is a two players game . I used C with igraphics)
